### The Welcome

At the door from a happy, healthy wife, is something which the husband looks forward to all through the day's labor. He may be tired, but his step lightens and his face brightens as he quickens his pace to receive the smiling welcome of his wife. What a difference in the home-coming of the man whose wife is nervous and gloomy, having neither heart nor strength to be glad. Many such a husband has worked a transformation in his home-life by the home-coming of the cures performed by Dr. Pierce's Favorite Prescription. It cures diseases of the delicate organs, builds up the nerves, induces refreshing sleep, and transforms the sickly woman into the happy helpmeet.

There is no alcohol in "Favorite Prescription" and it is absolutely free from opium, cocaine, and all other narcotics.

"My wife was sick for over eight years," writes Albert H. Fuite, Esq., of Alhambra, Grady Co., Tenn. "She had uterine disease and was treated by two physicians, but got no relief. At last I read in one of your Memorandum Books, about Dr. Pierce's Favorite Prescription, and we decided to try his 'Favorite Prescription.' I sent to the drug store for five medicine bottles, and when she had taken the sixth bottle she was sound and well. We now have a fine baby at our house."

## RIOTOUS STRIKERS.

The Violence of the steel strike in McKeesport was exhibited yesterday morning when 300 or 400 tube workers who attempted to return to their work in the National Tube works were driven back by a crowd of strikers. Dinner buckets were torn from the hands of the men and the contents spilled into the streets, after which the empty buckets were returned to the owners.

Mayor Black did not furnish police protection for the men who wanted to go to work. Not a policeman showed up during the demonstration, although hundreds of strikers were gathered about the entrance to the plant and were busy for half an hour or more stopping the men going into the mill. None of the tube workers got in.

Even the machinists and repair gang, who worked all last week without molestation, were halted and notified that their entrance to the mills would precipitate a riot in which they would be sure to get the worst of it. Not more than a couple of dozen men got into the mill, and these got into the mill at other places. The several hundred other men returned to their homes and yesterday the great mill was empty of workmen. It was the day after the great strike began.

There is talk that Mayor Black may be impeached for his role relative to this strike and that the disturbance of yesterday will furnish the basis for one of the counts in the indictment.

The office at the United States Tin Plate Works are preparing to start that plant within a couple of days. The exact date is not known, but it is believed to be Wednesday of this week. A few hours before the strike to be attempted an official notice will be sent to Mayor Black and protection will be demanded for the property of the tin plate company, and for the workmen who desire to go back to work.

The mayor has already said he will not give this protection, and that the city police will not be allowed to do duty about the mills. If he refuses to give the protection asked for when the mill is ready to start, this refusal will be made the basis for the first count in the indictment. Following this, the company will make no further attempt to start, but will refer the impeachment proceedings to the proper tribunal and will appeal to Governor Stone. Governor Stone has promised that in the event of Mayor Black refusing to do his duty, he will send troops to the city.

The talk of impeachment against Mayor Black is the result of a conference held between that official and officials of the tin plate works last Friday afternoon in the directors' room of one of the banks of McKeesport. Mayor Black was sent for. He was at his office and was asked to go to the bank. When he arrived he found the president of the bank, George Crawford, manager of the tin plate works, and a fourth person who is not known. The mayor demanded what was wanted of him.

"We want to know what protection you propose to offer in case we attempt to start our mills Sunday night or Monday morning," replied Crawford.

"None whatever," replied the mayor. "The police of McKeesport are paid by the taxpayers and are not the property of the corporations."

"Do the corporations pay taxes into the city treasury?" he was asked.

The mayor did not answer this question.

"Will you swear in a dozen men whom we shall select if we agree to pay the expense of carrying them on the police force?" was the next question asked Black.

"I will not," he replied decidedly.

"I have all the police I need now. I have increased the force largely by the addition of a number of good men and am perfectly able to take care of the city with them. I need no more police and do not want any."

This practically ended the interview. The Mayor was informed that no attempt would be made to start Monday morning, but that one would be made soon.

William Jones, a negro soldier, just returned from the Philippines, narrowly escaped death at the hands of a mob of strikers of the Star Tin Plate plant at Pittsburgh yesterday. Jones had a letter to deliver from a comrade to Frederick Pack. He learned that Pack was employed in the Star plant and started to the place to deliver his letter at the office of the mill. The strikers' pickets thought Jones was an applicant for work, and followed him calling to other strikers to join. They began to hoot at Jones, and he turned around and asked for an explanation. The negro started to run when death was threatened by the strikers. The mob surrounded him, and he was thrown down and kicked. John McKinney, a fireman, ran from the engine house and Jones was hurried into the house. The mob soon departed, apparently, but when Jones came out and started up the street he was again surrounded, and struck with stones and bricks and knocked down and kicked. Police Lieutenant Cresson jumped off a street car and hustled him into the engine house. A riot call was sent in

Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"I suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Hallway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have." For sale by Richard Gibson, druggist.

Dr. Bull's Cough Syrup will cure a Cough or Cold at once. Cougher Croup, Whooping Cough and Measles Cough without fail. Best for Bronchitis, Hoarseness, Grippe, Pneumonia, Consumption and Lung Affections. Gives quick, sure results. Price 25c. Sold by Richard Gibson and all druggists.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Ely's Liquid Cream Balm. Price including the spraying tube is 75c. Druggists or by mail. The liquid embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Brothers, 56 Warren St., N. Y.

George W. Lane, Pawamo, Mich., writes: "Your Kodel Dyspepsia Cure is the best remedy for indigestion and stomach trouble that I ever used. For years I suffered from dyspepsia, at times compelling me to stay in bed and causing me untold agony. I am completely cured by Kodel Dyspepsia Cure. In recommending it to friends who suffer from indigestion I always offer to pay for it if it fails. Thus far I have never paid." For sale by E. S. Leadbeater & Sons.
